

"Fashion Is Ridiculous" (Benko)

It started when I was young,
before the piercing of my tongue.
As little boys and girls
you told us how to wear our curls.

Fashion, fashion is ridiculous.
From the styling of our pants,
to the manner in which we dance.

It's an emotional break-up,
with every pound of make-up.
Your methods are all hype,
shaping our body type.

Fashion, fashion is ridiculous.
A lot of hoochie coochie
about your bag from Gucci.

You really put on a show
when you're prancing heel to toe.
You're just another pitch
from Abercrombie & Fitch.

Vanity, vanity, all is vanity.

From Paris to Japan,

fashion wears out more apparel than the man.

Fashion, fashion is ridiculous.

Tommy Hilfiger, he'll figger he's gonna make a lot of money
