

WHAT ARE YOU DOING RIGHT NOW? [Watts]

When our spark was new

And our feelings true

You'd often send me a message

When you wanted to see

If you could spend time with me

You'd always send me a message

What are you doing right now?

What are you doing right now?

What are you doing right now?

Back when our love was young

Before you said that was all done

I'd often send you a message

When it was your smile

I wanted to see for awhile

I'd always send you a message

What are you doing right now?

What are you doing right now?

What are you doing right now?

Now it's all I can wonder
As this absence pulls me under

Now it's all I can think
While I continue to sink

My head just isn't right
You're still in it despite
My tries to stop the fight
Of wondering

What are you doing right now?
What are you doing right now?
What are you doing right now?

Since our spark is dead
Why can't I get you out of my head
And what you are doing right now
